

Repairable 20 in³ Diaphragm Accumulator

- 20 in³ volume built for high-performance hydraulic systems up to 4350 PSI
- Rugged carbon steel shell for high-pressure durability
- Buna-Nitrile diaphragm is compatible with a wide range of hydraulic fluids and temps
- Easy to install in space-restricted environments

Technical Parameters

Nominal Size	20 in ³
Gas Volume	21 in ³
Pressure Rating	4350 PSI
Canister Material	Carbon Steel
STD. Fluid Port	3/4"-16 SAE
Diaphragm Material	Buna-Nitrile (NBR)
Weight	9 lbs.

Dimensions

A	7.2 in
B	4.0 in
C	6.3 in
D	1.3 in

About

Reliable 20 in³ diaphragm accumulator built to maintain pressure and absorb shock for smooth hydraulic system performance.

Includes:

- ✓ 1 x Carbon Steel Diaphragm Accumulator
