

5 Gallon Bladder Accumulator

- 5-gallon capacity ideal for compact hydraulic systems up to 3000 PSI
- Rugged carbon steel shell for high-pressure durability
- Buna-Nitrile bladder resists oil, fuel, and abrasion
- Pre-charged and ready for nitrogen inflation

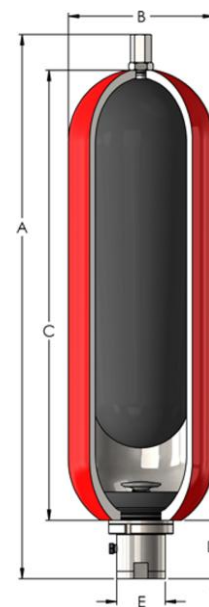

Technical Parameters

Nominal Size	5 Gallon
Gas Volume	1106 in ³
Pressure Rating	3000 PSI
Canister Material	Carbon Steel
Bladder Material	Buna-Nitrile (NBR)
Weight	116 lbs.

Dimensions

A	33.0 in
B	9.0 in
C	27.5 in
D	3.5 in
E	3.0 in

About

Reliable 5-gallon bladder accumulator ideal for maintaining pressure, absorbing shock, and ensuring smooth hydraulic system performance.

Includes:

- ✓ 1 x Carbon Steel Bladder Accumulator
