

Overview

Description

The P299 is a robust float-type level switch engineered for high-pressure environments, accommodating pressures up to 4 MPa (580 psi) and temperatures ranging from -40°C to +120°C (-40°F to +248°F). Its stainless-steel construction ensures compatibility with various liquids, including water, oil, and chemicals.

Technical Parameters

Material	Stem	SUS316
	Float	SUS316L
	Stopper	SUS316
	Nat	SUS316
Specifications	Temperature Range (Atmospheric)	-40°C~+120°C
	Pressure Resistance (Room Temperature)	4MPa
	Float Specific Gravity	0.6±0.05
Electric Specs	Maximum Contact Capacity	50W DC/AC
	Maximum Voltage	300V DC/AC
	Maximum Current	0.5A DC/AC
	Wire Length	300mm Standard (Custom lengths available)
